

# Certificate Supplement

Description of the vocational education and training programme for  
**Landscape gardener specialising in landscaping techniques**

---

## **Title of certificate in Danish**

Uddannelsesbevis for **Anlægsgartner med speciale i anlægsteknik**

---

## **Translated title of the certificate**

Landscape gardener specialising in landscaping techniques

---

## **Profile of skills and competences**

Landscape gardeners specialising in landscaping techniques are able to analyse landscaping projects where the main emphasis is on the planning and execution of technical landscaping assignments requiring their specialist knowledge of working with stones and slabs as well as their familiarity with planting and maintenance work.

Qualified landscape gardeners are able unsupervised to carry out all the duties that are common to their particular area of employment in accordance with current health and safety regulations and in a manner that is both ergonomically safe and environmentally sound.

---

## **Range of occupations accessible to the holder of the certificate**

Qualified landscape gardeners carry out jobs involving soil, stones and slabs, including paving and landscaping assignments. They also work with plants and perform ordinary measuring and marking tasks. In addition, they adjust and maintain handtools and other equipment as well as the tools and machinery that are common to their trade. Landscape gardeners' typical workplaces are parks, major gardens, public squares and road areas.

# Certificate Supplement

Description of the vocational education and training programme for

## **Landscape gardener specialising in landscaping techniques**

---

### **Duration and mode of education and training**

The total duration of the education and training programme is 3 years og 10 month(s), with 56 weeks of formal education and training and 143 weeks of on-the-job training.

Danish vocational education and training programmes are alternating programmes, which means that the education and training activities alternate between education and training at a school and on-the-job training in an enterprise.

---

### **Level of certificate**

The training programme is a full vocational education and training programme, equivalent to level 3 in the Isced system (Isced 1997).

---

### **Access to the next level of education/training**

The education and training described in this certificate gives access to level 4 (Isced) education and training in Denmark.

---

### **Name and status of the body awarding the certificate**

Det faglige Uddannelsesudvalg for Anlægsgartneri  
Bygmestervej 5, 2. sal  
2400 København NV

In pursuance of an order issued by the Danish Ministry of Education, the awarding authority is authorised to issue a certificate concerning this education and training program.

---

### **Grading scale**

7-point grading scale

On certificates issued after 1 August 2007, the 7-point grading scale is used.

On certificates issued before 1 August 2007, the 13-point grading scale is used.

The 13-point grading scale was replaced by the 7-point scale as per that date.
